## CHAMPAGNE

Oddfellows on the Park are pleased to offer Veuve Doussot champagne as our Grand Marque. The Joly family has been growing vines in the heart of the Champagne region for over a century. In the early 1970s, Georges Joly and his sons created the Veuve Doussot brand, named in honour of his grandmother. Stephan and Sylvie Joly are very proud to continue this family winemaking history and to pursue the tradition of high quality set by their grandfather, father and uncles.

The Joly family favours a reasoned and sustainable approach to viticulture, not totally organic but respecting the balance and traditions of the vineyard and keeping vine treatments to an absolute minimum. At Veuve Doussot, they strive to maintain their heritage with the highest quality wines that they can produce.

Cultivating, picking, vinifying, blending: each step is done with the same passion, making each cuvée truly special. Every glass of Veuve Doussot Champagne generously rewards the patience and dedication needed to create wines of such excellence.

## EUROPEAN WINE

### FRANCE

#### BURGUNDY

##### WHITE

Set in the middle of eastern France, Burgundy is a collection of vineyard areas united by the use of the Chardonnay and Pinot Noir grapes. From the steely minerality of Chablis through the great growths of the Côte d'Or to the light and fruity wines of the Mâconnais, Chardonnay produces a complete spectrum of styles to please more or less every palate. Here is a cross-section of wines from some of the region's greatest growers.

	BOTTLE
101 Jean-Marc Brocard, Chablis, 2016	£57
102 Chablis 1er Cru Fourchaume – Domaine Vrignaud, 2015	£75
103 Chassagne Montrachet 1er Cru “Boudriotte” – Fontaine Gagnard, 2013	£140
104 Puligny Montrachet 1er cru Les Perriers – Etienne Sauzet, 2011	£200
105 Meursault 1er Cru “Charmes” – Domaine Bernard Bonin, 2008	£140
106 Corton-Charlemagne Grand Cru – Domaine Rapet, 2014	£150
108 Pouilly Fuisse “Tete de Cru” – Chateau de Fuisse, 2015	£90

## RED

The areas of the Côte d'Or and the Côte Chalonnais are where the Pinot Noir grape grows supreme. The special soil structure changes every 100 metres producing an array of different wines from light and brightly fruited to deep and majestic. As the wines age they display a sense of origin but it is only the finest growers who can produce the ultimate Burgundy. This short selection is the best of the best.

	BOTTLE
401 Chorey les Beaune "Beaumonts" – M. de Gramont, 2014	£47
402 Bourgogne Pinot Noir – Domaine Tollot Beaut, 2015	£65
403 Hautes Cotes de Beaune – Domaine Jean Marc Bouley, 2012	£80

406 Nuits St Georges 1er Cru "Clos des Fôrets" Domaine de l'Arlot, 2009	£160
407 Gevrey Chambertin "Les Evocelles" – Domaine L Boillot, 2012	£140
408 Clos Vougeot – Domaine Drouhin Laroze, 2011	£280

## BEAUJOLAIS

This much maligned area of eastern France produces some of the country's finest quaffing wines from the Gamay grape. They are wonderful to enjoy both on cold winter lunchtimes or, served cool, on warm summer evenings. Both producers listed make top class wines offering a great combination of pure fruit flavours and aromas, whilst having depth and backbone.

## ALSACE

Picturesque Alsace is a collection of chocolate box villages with great gastronomy and truly wonderful white wines. These tend to be made from aromatic grape varieties such as Gewürztraminer and Riesling and make sensational food partners. The two wines below come from the Domaine Sipp Mack where vineyards are farmed organically, the resultant wines are simply delicious.

## LOIRE VALLEY

The Loire Valley isn't just a single vineyard area but rather a collection of different vineyards grouped together by their proximity to one of France's greatest rivers. From the Pays Nantais in the west where the fresh and vibrant Muscadet is born, to the wonderful hillsides of Sancerre and Pouilly sùr Loire in the east where Sauvignon Blanc grows to perfection. The valley is dominated by white wines that offer great quality and exceptional value for money.

### WHITE

113 Sancerre "Les Collines Blanches" – Domaine Brochard, 2016	£43
144 Pouilly-Fumé – Domaine Pabiot, 2016	£50

## SOUTH OF FRANCE

The South of France has countless vineyards where red wines excel. However, some very good white wines are made too and we musn't forget the delightfully pink Provence Rosé which has risen remarkably in popularity. The crisp, fresh Picpoul de Pinet is often referred to as the Chablis of the south while the bold and buxom reds make for excellent drinking together with hearty meat dishes.

## BORDEAUX

The red wines of Bordeaux have enjoyed a fabled reputation for many years and rightly so, for the great wines of the Medoc, St Emilion and Pomerol have been some of the finest the world has to offer. Cabernet Sauvignon dominates the Medoc whilst Merlot is the major grape of the more northerly right bank.

RED	BOTTLE

## RHONE VALLEY

The northern Rhône Valley with its continental climate is where both Viognier and Syrah reign supreme with the great vineyards of Condrieu, Côte Rotie and Hermitage giving rise to some incredible wines while further south in the Southern Rhône wines range from the simple and hearty Côtes du Rhône through to the complex and chewy Châteauneuf du Pape. A great spectrum of wines with something to delight every palate.

## ENGLAND

English wine is growing in popularity and is increasingly recognised as a premium wine producing region, with approximately 1,800ha of land under vine, more than 450 vineyards and around 3.15m bottles produced a year.

The most popular grapes varieties grown in English vineyards are Chardonnay, Pinot Noir and Bacchus, as well as others including Pinot Meunier and Ortega.

## SPAIN

### LA RIOJA

The gentle, rolling hills of the Rioja Alta, the home of Tempranillo, sit on calcareous clay soil that is high in limestone, ideal for grape growing. Cracks in the rocks that make up the subsoil encourage the roots of the vines to burrow deeply in search of nourishment, aiding the balance of flavours within the grapes and highlighting in the finished wine, the distinct environment in which they were grown.

RED	BOTTLE

431 San Vicente – Señorío de San Vicente, 2006	£99

### RIAS BAIXAS

The climate of the Rias Baixas area of Galicia is influenced by the Atlantic. Cooling breezes help give an extended growing season and thus imparting extra flavour within the grapes. Albariño is without doubt the flagship grape variety, this particular example is crisp and fresh with delicious bright fruit flavours.

WHITE	BOTTLE

## PENEDES

Wines are becoming very sought after from the Penedès region, especially from the higher altitude vineyards. The examples below are from the Parés Baltà winery, chosen not just because of the superb quality they produce across the range, but also for their philosophy of using only organic and bio-dynamic farming techniques and ensuring all of their wines are suitable for vegans.

## TORO

The Toro region was renowned for producing “Black Wine” that was bold and highly tannic. Today, modern vinification techniques have enabled producers to make much more approachable wines. Although many modern vineyards now exist, there are still parcels of very old vines producing high quality fruit.

## ITALY

### PIEDMONT

In the heart of the Piedmont wine region sit the steep hills of the Langhe most famous for Barolo and Barbaresco. In addition to these two superstars, some lesser known grape varieties flourish here too; the fresh and fruity Dolcetto and the more rounded Barbera. Towards Alessandria Gavi is the region's most famous white wine, where bright fruit flavours are underpinned by a stony minerality.

## VENETO AND ALTO ADIGE

The most famous grape variety of these regions is Pinot Grigio, however this variety can range from very poor to sublime! There are two excellent examples here plus a top flight Soave. For the reds, Valpolicella is no longer the thin insipid wine that was served in pizzerias but rather the wine the Italians have been drinking for years. Ripe, fruity and easy drinking. The big brother, Amarone della Valpolicella takes no prisoners and is truly a wine for meditation. Up in the Alto Adige, Pinot Noir is rising to fame along with some other more local varieties.

## CENTRAL ITALY

Tuscany is now so popular with British holiday makers that it has become known as Chiantishire! Well, Chianti is probably one of the most famous wines of Italy and based on the Sangiovese grape. Fewer by far are the numbers of people who recognise the big brother, Brunello di Montalcino, also Sangiovese-based but in general, far higher in quality. Down near Perugia, the vineyards surrounding the town of Montefalco create some powerful and bold reds as do the vineyards of the Abruzzo over on the eastern side of the country.

## SOUTHERN ITALY AND THE ISLANDS

The south of Italy has long enjoyed a good reputation for strong, well flavoured reds that could well be said to be a little rustic in style. With modern wine making techniques and better vineyard management, they have achieved wines of great complexity and elegance whilst losing nothing in terms of power. The real excitement comes from the whites that have changed from being almost oxidised and flabby to fresh and vibrant.

Long gone are the days when German wine was associated with Liebfraumilch. True German wines are some of the finest examples of Riesling (and more recently other grape varieties) that can be found. The cool climate allows them to offer fresh, vibrant acidity to balance the pure clean fruit flavours. From the elegant filigree style of the Saar to the luscious wines of the Rheingau, these are certainly wines not to be missed.

## SOUTH AFRICA

Over the last decade, South Africa has risen to prominence amongst southern hemisphere wine nations. Expect great examples of grape varieties, produced with a classic, almost European frame but tinged with a touch more sunshine. As well as more famous regions such as Stellenbosch, slightly lesser-known areas are gradually coming to prominence such as the Overberg where Sauvignon Blanc and Pinot Noir grow superbly well.

## AUSTRALIA

Vines were first planted centuries ago, many to slake the thirst of some of the pioneers caught up in the gold rush. In more modern times, Australia has developed the technology of wine making, not single-handedly but it certainly played a major part in the modernisation of vinification. Now there are fruit-driven, simple wines on offer, but the true glories are where the old vines from the pioneer days are still to be found that give over to bold, powerful reds.
